

Tesla Solar Battery

An Ideal Solution for
Storage of Solar Energy

More Power to You

Advantages

- Factory Charged
- Ensuring High Performance
- Environment Friendly

Features

- Low maintenance
- Deep cycle design technology
- High acid volume
- Low self discharge

SOLAR TUBULAR BATTERY

Technical Specification

Model Name	Warranty (in Months)	Capacity C10 @ 27 C	Capacity C20 @ 27 C	Dimensions in (mm)			Charging Current (Amps)
				L	W	H	
TPXS40	72*	40Ah	50Ah	410	175	230	4
TPXS120	72*	120Ah	150Ah	490	180	390	12
TPXS150	72*	150Ah	190Ah	490	180	390	15

PRODUCT FEATURES

- Using best grade PP containers and lid
- Tubular positive plate made with PDC Machine of ZIBO
- High tensile resistance / Porosity polyester gauntlets
- High Porosity PE Envelope separators from DARAMIC, USA
- Micro porous ceramic vent plug
- Heavy duty terminals
- SS fasteners
- Double side pasting negative plate
